OPEN LETTER OF RESIGNATION

Official Statement from Repeat Footvolley

FROM: Board of Directors, Repeat Footvolley

TO: Board of Directors, Sweden Footvolley

DATE: August 11, 2026

SUBJECT

Official Announcement of Definite Resignation and Statement of Protest

Dear Board Members of **Sweden Footvolley**,

Through this official and public open letter, the Board of Directors of **Repeat Footvolley** hereby officially communicates its irrevocable decision to **permanently sever ties**, affiliations, and activities with the organization *Sweden Footvolley*.

Over the past 6 years, our club has worked tirelessly to strengthen, promote, and establish footvolley across Sweden. We have dedicated time, resources, and energy to organizing high-caliber local tournaments, developing and training players, and actively fostering community engagement. However, we have reached an inevitable breaking point caused by recurring management practices lacking transparency and basic institutional respect.

> The recent selection of the Swedish representatives for the **Footvolley World Cup in Cascavel** was the final straw. By completely ignoring the official points ranking and established technical criteria, Sweden Footvolley showed a clear disregard for sporting merit, invalidated the hard work of players who competed throughout the entire season, and directly devalued the effort of affiliated clubs.

The chronic lack of administrative transparency and open dialogue observed over the last six years has led to an **irreparable breakdown of trust and credibility**. We strongly believe that sports governance must be guided by non-negotiable principles of ethics, impartiality, athletic merit, and respect for the community — values that are no longer reflected in the management of this organization.

Repeat Footvolley reaffirms its unwavering commitment to the players, partners, and the integrity of footvolley. We will continue our journey independently, building a fair, transparent, and respectful environment where athletic merit remains the sole criterion of success.

Sincerely,

Board of Directors

Repeat Footvolley (Sweden)
